Dear \_\_\_\_\_,

Thank you for your letter regarding my child's education at home. I am committed to providing an efficient, full-time education suitable to my child's age, ability, aptitude and any additional needs.

On this occasion I would prefer not to arrange a home visit. Instead, I am happy to provide a written report describing our approach, together with examples of my child's work and the activities we undertake. I have enclosed / will provide this within \_\_\_\_\_.

I hope this gives you the assurance you need that a suitable education is being provided, and I am glad to answer any further questions in writing.

Yours sincerely,
