

Educational provision report

A written response to a local authority's informal enquiry. You are not legally obliged to respond, and there is no automatic right of entry to your home or to see your child — but a calm written report is usually the easiest way to show a suitable education is being provided.

HOW TO USE THIS TEMPLATE

You can respond in writing instead of agreeing to a home visit.

Lead with your **educational philosophy**, then show breadth, progress, and how it suits your child.

Offer further samples on request rather than sending everything at once.

CLOSING NOTE YOU CAN ADAPT

I am providing this report voluntarily to assist the authority. I am happy to provide further samples of work or examples of activities on request. I would prefer to continue our contact in writing.
